

LOCAL PUBLIC QUESTION

Should the Borough of Newfield acquire, for use by the Newfield Fire Company, a new piece of fire fighting equipment specifically a new Fire Truck and associated fire fighting equipment to be placed on said truck, at a cost not to exceed the approximate sum of \$850,000.00. The Governing Body would bond for the costs of the acquisition of the truck, payable over a ten (10) year period, the cost of which would have an impact of increasing the local municipal tax by \$0.066 cents per each \$100.00 of assessed value. The impact on the average homeowner in the Borough of Newfield, with the average home assessed at \$205,596.00 would result in an annual cost of \$135.00 per homeowner.
