A clinical assessment determines the level of care a child needs. There is stabilization to preserve the child's residence. Access to services will be managed by the parent. Care Management assists the child and parent to determine and use appropriate services. Care Management helps a family create a Child and Family Team that enables the child and family to develop an Individual Service Plan (ISP) for the child.

Division of Child Protection & Permanency (DCP&P)
Child Protection Services Permanency
www.state.nj.us/dcf/about/divisions/dcp

The Division of Child Protection & Community Partnership (DCP&P) is New Jersey's child protection and child welfare agency within the Department of Children and Families. Its mission is to ensure the safety, permanency and well-being of children and to support families. DCP&P is responsible for investigating allegations of child abuse and neglect and, if necessary, arranging for the child's protection and the family's treatment.

The Child Abuse Hotline (State Central Registry) receives all reports of child abuse and neglect 24-hours a day, 7-days a week. Reports requiring a field response are forwarded to the DCP&P Local Office who investigates.

Division of Children's System of Care (DCSOC)

<http://www.state.nj.us/dcf/about/divisions/dcsc>

DCF's Children's System of Care, CSOC, (formerly the Division of Child Behavioral Health Services) serves children and adolescents with emotional and behavioral health care challenges and their families; children with developmental and intellectual disabilities and their families and children with substance abuse needs. CSOC is committed to providing these services based on the needs of the child and family in a family-centered, community-based environment.

These services include community-based services, in-home services, out-of-home residential services, and family support services. For questions about or to access to any of these services for children and youth, call the 24-hour, toll-free Access Line at:
1-877-652-7624 PerformCare

DCF involves families throughout the planning and treatment process in order to create a service system that value and promotes the advice and recommendation of the family. A system that is friendly to families and one which provides them the tools and support needed to create successful life experiences for their children with emotional and behavioral challenges.
