SECTION II - DESCRIPTION OF SERVICE

Service Description

1. Describe any changes that were made (days, hours of operations) in 2019 (to date).

SCDRTAP: *There have been no changes made to date in 2019.*

Section 5311: *There have been no changes made to date in 2019.*

2. Describe, in detail, the proposed project for 2020. Include type of service provided by grant type (i.e. deviated fixed route, demand response), days & hours of operation and trip purpose by funding type.

SCDRTAP: *Gloucester County provides a demand response, fare-free medical transportation service that is scheduled with a minimum of three business days' notice up to months' in advance. All trip reservations are placed through Gloucester County Division of Transportation scheduling line at 856-686-8350. Transportation appointments normally are scheduled between the hours of 8:00 AM and 3:00 PM; at this time we are asking residents to schedule their appointments between the hours of 11:00 AM and 1:00 PM. Gloucester County DTS is running its' service with a few drivers on short term disability or retiring from service. We are presently advertising for substitute drivers.*

Section 5311 (service must originate in the rural area): *Gloucester County allocates Section 5311 funds for demand response service, subscription service and the operation of the Section 5211 rural shopping bus route. The Section 5211 shopping bus service will continue to offer shopping-related transportation between the hours of 9:30 AM and 2:30 PM three (3) days per week, Monday through Wednesday, for rural residents living in the southern part of Gloucester County.*

Service Operations

Describe how the following functions are performed by your system. Explain any differences between your SCDRTAP and 5311 programs.

1. Demand response reservation process:
 - a. Provide the phone number for reservations, and provide the hours and days reservations are accepted. If there is more than one provider, list name, telephone number and the hours and days that they accept reservations.

Reservations for transportation are received Monday through Friday on the DTS scheduling line at 856-686-8350 from 8:30 AM to 4:00 PM.

- b. What is the minimum and maximum amount of time needed to reserve a trip?

Residents are able to schedule appointments with a minimum of three (3) working days' notice or months in advance. On days when scheduled transportation is light, a one day notice can be accepted, according to area served, location of destination and time slot availability.

- c. Will you accept a same-day reservation?

Based upon the nature of the request and driver availability, service is offered without the minimum notice.

- d. What is your agency's available hours for open appointments other than subscription trip? (For example, limited capacity from 7-10am and 3-5pm due to nutrition and/or non-competitive employment).

DTS Operations are very limited from 6:30 AM to 9:00 AM and again from 2:30 PM on.

- e. How is a trip identified as Section 5311 eligible?

Identity for Section 5311 consideration is being in a rural area either through the trip origin, or the trip destination as determined by map provided by County planning department.

- f. Is your Section 5311 service open to the general public? Yes No
Please provide sample language that notifies the public that S5311 service is open to the general public. i.e.: Screen shot of website/ Marketing materials.

"TRANSPORTATION OPEN TO THE GENERAL PUBLIC" is indicated on all publications that pertain to Section 5311 marketing materials.

- g. Do you maintain a customer profile? If yes, what information is contained in this profile?

Passenger Profiles are maintained within Ecolane software and include Name, Address, Phone Number, Funding Code(s) and Veteran Status (if applicable). Transit notes are available to identify various needs of residents.

- h. How is customer eligibility verified for SCDRTAP?

Customers complete Division of Transportation application (available on-line or mailed by request); Non-Medicaid residents who are 60 years and above are considered seniors, disabled residents are requested to provide a note from a doctor or medical facility advising of their need for transportation service.

- i. Name the computer routing and scheduling software product currently used for operations. Include yearly license fee/cost for this product.

Ecolane USA, Inc., is the proprietor of the routing and scheduling software that is used within Gloucester County Division of Transportation Services (DTS). To date DTS has paid the 1st year lump sum cost of \$63,900., \$14,400 for maintenance support and hosting cost for a 2-5 year set of maintenance of \$14,400; paid for years' 2016, 2017, 2018 & 2019. In addition to the cost of software is the cost for shared usage of the tablets through Verizon Wireless. Older tablets have met their useful life and Gloucester County has received 24 new tablets with a monthly charge of \$507.95 for the connection.

- j. How is the above computer routing and scheduling product used? Please check all that apply.

- Customer database
Computer assisted routing and scheduling
Generate ridership reports

Describe any other computer technology used for operations. Example: mobile data terminal, global positions systems, AVL, Tablets, IVR, Cameras, Etc.

Ecolane Software has been installed within Gloucester County DTS for constant connection

between office and vehicles. Through the GPS monitor in the Dispatch Office, staff is able to see where vehicles are in order to facilitate efficient scheduling throughout the day. With this software, and the application process, DTS has experienced an increase of clients who are in need of transportation. Vehicle cameras were awarded under the 2014 Section 5310 Mobility Management Project and we have contracted with vendor ABT Products & Services in Plainview, NY for furnishing and installation. The installation of cameras in the DTS vehicle fleet will enhance safety and security for DTS passengers and drivers.

Newark, New Jersey 07105-2246

Dear Mrs. Magri:

The County of Gloucester is hereby applying for funds under Senior Citizens & Disabled Residents Transportation Assistance Program (SCDRTAP). The approval of this grant will enable transportation services to be available to the senior citizens and disable residents in our County. The County of Gloucester is requesting \$477,489.00 for 2020. The scheduled public hearing date was June 20, 2019. The application will be available at the Gloucester County Library System, Mullica Hill Branch, 389 Wolfert Station Road, Mullica Hill, NJ and will be placed on the Transportation web site in August 2019.

To my knowledge, all information provided in support of this application is true and correct. If you have questions or require additional information, please contact Lisa Cerny at 856-384-6874.

As the Applicant, the County of Gloucester agrees to comply with all regulations and administrative guidance required for application to the Senior Citizens and Disabled Resident Transportation Assistance Program for the program year 2020. The Applicant affirms the truthfulness and accuracy of the information it has made in the statements submitted herein and any other submission made to NJ TRANSIT. In signing this document, I declare the foregoing information and any other statement made on behalf of the Applicant are true and correct.

Sincerely,

Robert Damminger, Freeholder Director
County of Gloucester

SECTION VII – 5311 ADDITIONAL ITEMS

The following are only required by Section 5311 Applicants

Opinion of Counsel Letter

Sample Opinion of Counsel-Attach as NJT Attachment N

NJT ATTACHMENT N

(Date)

(Name of Applicant)
(Address of Applicant)

To Whom It May Concern:

This communication will serve as the requisite opinion of counsel to be filed with NJ TRANSIT in connection with the application of Name of Applicant for financial assistance pursuant to the provisions of Section 5311 of the Federal Transit Act, as amended for administration, capital, and operating assistance project(s). The legal authority for Name of Applicant's ability to carry out administration, capital and/or operating assistance projects directly, by lease, contract, or otherwise is set forth below:

Name of Applicant is authorized to provide and assist public transportation by acquisition, construction and operation of existing or additional transit facilities. This assistance may be provided directly or by agreements with other parties.

The authority of Name of Applicant to provide funds for the local share of the project is set forth in (cite source and provide a copy of, for example, of the local ordinance passed by County Board of Chosen Freeholders or other governing body authorizing funding for the local share, if applicable).

I have reviewed the pertinent Federal State and local laws, and I am of the opinion that there is no legal impediment to making application for Section 5311 assistance. Furthermore, as a result of my examination, I find that there is no pending or threatened litigation or other action, which might in any way adversely affect the proposed project in the program or the ability of Name of Applicant to carry out such projects in the program.

Sincerely,

Legal Counsel

ADA Certification of Equivalent Service

Attach as NJT Attachment O

NJT ATTACHMENT O

The **County of Gloucester** certifies that its demand responsive/ Route Deviation service offered to individuals with disabilities, including individuals who use wheelchairs, is equivalent to the level and quality of service offered to individuals without disabilities. Such service, when viewed in its entirety, is provided in the most integrated setting feasible and is equivalent with respect to:

- (1) Response time;
- (2) Fares;
- (3) Geographic service area;
- (4) Hours and days of service;
- (5) Restrictions on trip purpose;

Suspension and Debarment *NOT APPLICABLE – No third party contacts under Section 5311*

It is the Section 5311 subrecipient' s responsibility to ensure that none of their third party contractors are debarred, suspended, ineligible or voluntarily excluded from participation in FTA funded projects.

Has the required suspension/debarment clause been included in bid specs (services or capital) and the final contract for all third party contracts over \$25,000 utilizing FTA Section 5311 funds? (For bid specs and contracts covering 2019 contract year)

Yes No

Prior to entering into third party contracts over \$25,000 (services or capital) must review the website System for Awards Management (SAM) at www.sam.gov. The new website sam.gov provides a more detailed profile of the vendor including disbarment, DUNS number and federal debt then previous excluded party listing system website. (Subrecipient should print screen which would show date website was checked and verify whether vendor was NOT debarred or suspended from participating in federally funded contracts.)

Did subrecipient check the Systems for Awards Management prior to entering into contract with vendor during 2019?

Yes No

Special Section 5333(b)

The attached Special Warranty and the procedures incorporated therein represent the understandings of the Department of Labor and the Department of Transportation with respect to the formula Grant Program for Areas Other Than Urbanized Areas (C.F.R. U.S.C. Section 5311)

The Department of Transportation will make this Special Warranty a part of the contract of assistance between the U. S. Department of Transportation and each state agency designated to receive and administer funds under Section 5311 of the Urban Mass Transportation Act of 1964, as amended.

The Secretary of Labor has found that the terms and conditions of the Special Warranty meet the requirements of Section 5333(b) of the Urban Mass Transportation Act of 1964, as amended. Accordingly, the Secretary of Labor hereby makes the certification that inclusion of these terms and conditions in formula grant contract for small urban and rural program grants meets the requirements of Section 5311 of the Urban Mass Transportation Act of 1964, as amended.

A. General Application

The Public Body (A) agrees that, in the absence of waiver by the Department of Labor, the terms and conditions of this warranty, as set forth below, shall apply for the protection of the transportation related employees of any employer providing transportation services assisted by the Project (Recipient), and the transportation related employees of any other surface public transportation providers in the transportation service area of the project.

The Public Body shall provide to the Department of Labor and maintain at all times during the Project an accurate, up-to-date listing of all existing transportation providers which are eligible Recipients of transportation assistance funded by the Project, in the transportation service area of the Project, and any labor organizations representing the employees of such providers.

Certification by the Public Body to the Department of Labor that the designated Recipients have indicated in writing acceptance of the terms and conditions of the warranty arrangement will be sufficient to permit the flow of Section 5311 funding in the absence of a finding of non-compliance by the Department of Labor.

B. Standard Terms and Conditions

The Project shall be carried out in such a manner and upon such terms and conditions as will not adversely affect employees of the Recipient and of any other surface public transportation provider in the transportation service area of the Project. It shall be an obligation of the Recipient and any other legally responsible party designated by the Public Body to assure that any and all transportation services assisted by the Project are contracted for and operated in such a manner that they do not impair the rights and interest of affected employees. The term a Project, as used herein, shall not be limited to the particular facility, service, or operation assisted by Federal funds, but shall include any changes, whether organizational, operational, technological, or otherwise, which are a result of the assistance provided. The phrase “as a result of the Project,” shall when used in this arrangement, include events related to the Project occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement. An employee covered by this arrangement, who is not dismissed, displaced or otherwise worsened in his position with regard to his employment as a result of the Project, but who is dismissed, displaced or

otherwise worsened solely because of the total or partial termination of the Project, discontinuance of Project services, or exhaustion of Project funding shall not be deemed eligible for a dismissal or displacement allowance within the meaning of paragraphs (6) and (7) of the Model agreement or applicable provisions of substitute comparable arrangements.

- (a) Where employees of a Recipient are represented for collective bargaining purposes, all Project services provided by that Recipient shall be provided under an in accordance with any collective bargaining agreement applicable to such employees which is then in effect.
- (b) The Recipient or legally responsible party shall provide to all affected employees sixty (60) days notice of intended actions which may result in displacements or dismissal or rearrangements of the working forces. In the case of employees represent by a union, such notice shall be provided by certified mail through their representatives. The notice shall contain a full and adequate statement of the proposed changes, and an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs in the Recipient=s employment available to be filled by such affected employees
- (c) The procedures of this subparagraph shall apply to cases where notices involve employees represented by a union for collective bargaining purposes. At the request of either the Recipient or the representatives of such employees' negotiations for the purposes of reaching agreement with respect to the application of the terms and conditions of this arrangement shall commence immediately. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit the paragraph (4) of this warranty. The foregoing procedures shall be complied with and carried out prior to the institution of the intended action.

For the purpose of providing the statutory required protections including those specifically mandated by Section 5333(b) of the Act, the Public Body will assure as a condition of the release of funds that the Recipient agrees to be bound by the terms and conditions of the National (Model) Section 5333(b) Agreement executed July 23, 1975, identified below², provided that other comparable agreements may be substituted therefore, if approved by the Secretary of Labor and certified for inclusion in these conditions.

Any dispute or controversy arising regarding the application, interpretation, or enforcement of any of the provisions of this arrangement which cannot be settled by and between the parties at interest within thirty (3) days after the dispute or controversy first arises, may be referred by any such party to any final and binding disputes settlement procedure acceptable to the parties, or in the event they cannot agree upon such procedure, to the Department of Labor or an impartial third party designated by the Department of Labor for final and binding determination. The compensation and expenses of the impartial third party, and any other jointly incurred expenses shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the burden of either the Recipient or other party legally responsible for the application of these conditions to prove that factors other than the Project affected the employees. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee.

The Recipient or other legally responsible party designated by the Public Body will be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee covered by these arrangements, or the union representative of such employee, may file claim of violation of these arrangements with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (5311) months of the date his position with respect to his employment is otherwise worsened as a result of the Project. In the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event. No benefits shall be payable for any period prior to six (6) months from the date of the filing of any claim.

Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits which such employee may have under existing employment or collective bargaining agreements, nor shall this arrangement be deemed a waiver of any rights of any union or of any represented

employee derived from any other agreement or provision of federal, state or local law.

In the event any employee covered by these arrangements is terminated or laid off as a result of the Project, he shall be granted priority of employment or reemployment to fill any vacant position within the control of the Recipient for which he is, or by training or retraining within a reasonable period can become qualified. In the event training or retraining is required by such employment or reemployment, the Recipient or other legally responsible party designated by the Public Body shall provide, or provide for, such training or retraining at no cost to the employee.

The Recipient will post, in a prominent and accessible place, a notice stating that the Recipient has received federal assistance under the Urban Mass Transportation Act and has agreed to comply with the provisions of Section 5333(b) of the Act. This notice shall also specify the terms and conditions set forth herein for the protection of employees. The Recipient shall maintain and keep on file all relevant books and records in sufficient details as to provide the basic information necessary to the proper application, administration, and enforcement of these arrangements and to the proper determination of any claims arising thereunder.

Any labor organization which is the collective bargaining representative of employees covered by these arrangements, may become a party to these arrangements by serving written notice of its desire to do so upon the Recipient and the Department of Labor. In the event of any disagreement that such labor organization represents covered employees, or is otherwise eligible to become a party to these arrangements, as applied to the Project, the dispute as to whether such organization shall participate shall be determined by the Secretary of Labor.

In the event the Project is approved for assistance under the Act, the foregoing terms and conditions shall be made part of the contract of assistance between the federal government and the Public Body or Recipient of federal funds; provided, however, that this arrangement shall not merge into the contract of assistance, but shall be independently binding and enforceable by and upon the parties thereto, and by any covered employee or his representative, in accordance with its terms, nor shall any other employee protective agreement merge into this arrangement, but each shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms.

C. Waiver

As a part of the grant approval process, either the recipient or other legally responsible party designated by the Public Body may in writing seek from the Secretary of Labor a waiver of the statutory required protections. The Secretary will waive these protections in cases, where at the time of the requested waivers, the Secretary determines that there are no employees of the Recipient or of any other surface public transportation providers in the transportation services area who could be potentially affected by the Project. A 30-day notice of proposed waiver will be given by the Department of Labor and in the absence of timely objection; the waiver will become final at the end of the 30-day notice period. In the event of timely objection, the Department of Labor will review the matter and determine whether a waiver shall be granted. In the absence of waiver, these protections shall apply to the Project.

One Penn Plaza East, 4th floor
Newark, New Jersey 07105-2246

Dear Mrs. Magri:

The County of Gloucester has made application to NJ TRANSIT and the Federal Transit Administration pursuant to Section 5311 of the Federal Transit Act, as amended for a mass transportation grant to assist in the reimbursement of operating and/or non-operating expenses for the period January 1, 2020 to December 31, 2020.

The Department of Human Services Division of Transportation agrees that, in absence of a waiver by the Department of Labor the terms and conditions of the Special Section 5333(b) Warranty shall apply for the protection of the employees of any employer providing transportation service assisted by the Project, and the employees of any other surface public transportation providers which are eligible recipients, in the transportation service area of the Project. The Warranty arrangement shall be made part of the contract of assistance and shall be binding and enforceable by and upon the parties thereto, by any covered employee or his representative.

Additionally, pursuant to Section (A) of the Special Section 5333(b) Warranty, included with this submission is a listing of all transportation providers in the geographic area of our project and any labor organizations representing the employees of such providers.

Sincerely,

Robert M. Damminger
Freeholder Director

As part of the 5333(b) warranty process applicants must submit an accurate and up-to-date listing of all existing transportation providers in the Section 5311 service area of the project. Applicants must also include any labor organizations representing such providers. A complete statewide list (**Addendum C**) is submitted by NJ TRANSIT to the US Department of Labor. Do not include NJ TRANSIT as a transportation provider in your area.

Submit all changes on Table 16 below (include any additions, deletions or changes to the transportation providers listed in Addendum C – do not retype information from or on Addendum C), NJ Transit will update with the below information.. Note if a (D)eletion, (A)ddition or (C)hange to Addendum by adding a (D), (A) or (C) after the name of the provider in the first column. If “no changes” indicate that below.

To assist you we also included a list of major private for-profit transportation providers in the state on Addendum A. Take note that other organizations including taxi and private non-profit organizations may provide transportation and have union representation as well and should be listed.

Note to applicant – include your county and indicate if there is a driver union.

**SECTION VIII FTA SECTION 5311 INNOVATION GRANT
NOT APPLYING**

Purpose

The FTA Section 5311 Innovation Grant is a designation of a portion of unused **funding allocated to Section 5311 eligible counties** which is made available to these counties on a competitive application basis. The objective is to provide funding to promote integration of community transit services and NJ Transit bus and rail services in rural counties.

Grant Qualification Criteria

Project applications must meet the following standards in order to be eligible for competitive review:

1. Project must provide a **direct connection with an existing NJ Transit bus, private fixed route bus or rail service** either within or in a contiguous county
2. Route must serve residential origins **within the Census defined rural area**
3. The service must consist of a **deviated fixed route service with a service frequency of 60 minutes or less** during either peak or off-peak periods
4. Service must be provided on a **minimum of five days per week**
5. The proposed service may be **either a new service or an expansion of service span or frequency of an existing service** that provides direct connections to a rail station or an established bus route at either a route endpoint or key bus stop or station.
6. Submit a marketing plan which includes a commitment to provide a bus timetable that includes at minimum key time-points, a map with a designation of those key time-points, pickup/drop-off points, fare information, and connecting transit bus and rail services. The proposer must also provide a plan for a timetable distribution program including key residential, commercial and employment locations served and the proposed mode of ensuring that bus timetables are supplied and available to potential customers.
7. Proposed service operator must demonstrate the ability to meet operating requirements including but not limited to:
 - Meeting New Jersey Motor Vehicle Commission (NJMVC) requirements for operating authority and vehicle inspections if charging a fare
 - Demonstrate a vehicle fleet sufficient to meet the peak vehicle requirement for the service with a minimum 15% spare ratio in order to ensure that the daily peak vehicle requirement is met

Funding Requirements

Funding may be used only for direct operating expenses for the provision of vehicle services including driver salary and benefits, fuel, vehicle parts and maintenance labor or the cost of contract operated service.

Funding may NOT be used to cover operating expenses including operations management, dispatch and training. It is assumed that the existing system will be able to provide these direct operating support services within the context of the existing service or through other grant funding sources.

The applicant must demonstrate the financial capability to provide the required **25%** match which must be used in combination with the NJ Transit 25% match to support half of the direct operating expenses for the proposed service. Once approved projects have been Identified Resolutions will be requested.

A maximum of \$200,000.00 (including match) will be made available to a single project.

Factors Supporting Proposed Section 5311 Innovation Grant Route Proposal

A. Percentage of low-income individuals (150% of poverty level) in project service area:

0 – 20% _____ 61 – 80% _____

21 – 40 % _____ 81 – 100% _____

41 – 60% _____

B. Percentage of zero-car and one auto households in project service area:

0 – 10% _____ 21 – 40% _____

11 – 20 % _____ Over 41% _____

C. Characteristics of proposed route deviation bus service (Check one)

___ Proposed route is a new route deviation service

___ Proposed route is an expansion of an existing route deviation service

___ Proposed route serves at least one shopping center or village shopping area

___ Proposed route serves at least one congregate (multi-family) residential building or apartment complex

D. Connection to Traditional Transit (Check all that apply)

___ Connection provided to an existing NJT Rail, Bus or Private bus station/stop

___ Connection provided during Peak Period (defined as 6-9 AM and 4-7 PM)

___ Connection provided during Off-Peak period

___ Connection provided to hub with three or more rail lines and/or bus routes

E. The service must meet a minimum threshold of three (3) passenger trips per revenue hour at the end of the initial service period (first year) and four (4.0) passenger trips per revenue hour for years thereafter. Services not meeting the minimum operating standard will not be eligible for continued funding in the next year. If funding is available subrecipients may continue to apply for the same project for up to five (5) years from the service start date. By year five (5) innovative projects should be self-sustaining.

If you are applying for continuation of an existing Section 5311 innovation project provide the number of passenger trips per revenue hour that your service is generating.

_____per revenue hour

Project Description

Describe the parameters of your current and/or proposed route: (Include start date of current innovative project.)

How many vehicles will be used to operate this service?

Please note: If you are charging a mandatory fare you must meet New Jersey Motor Vehicle Commission (NJMVC) requirements for operating authority and vehicle inspections

Please describe your Marketing plan for this project:

Submit a marketing plan which includes a commitment to provide a bus timetable that includes at minimum key time-points, a map with a designation of those key time-points, pickup/drop-off points, fare information, and connecting transit bus and rail services.

Timetables must also include Route Deviation Policy, Nondiscrimination Policy, and Reasonable Accommodation Policy.

The proposer must also provide a plan for a timetable distribution program including key residential, commercial and employment locations served and the proposed mode of ensuring that bus timetables are supplied and available to potential customers.

Route Description

Provide Turn by Turn route description:

Provide a Map highlighting the route **(Attach as Attachment T)**

Identify bus/rail or light rail service connection points along the route:

Span of Service

Provide a schedule identifying time points and trip times:

Number of Operating Days

Days and hours of operation of operations

Number of Projected Daily Revenue Hours for each bus operated per day from route starting point to route ending point, not including deadhead from and to garage.

Projected Operating Budget (include match from subrecipient and NJT in your budget)

The applicant must demonstrate the financial capability to provide the required 25% match which must be used in combination with the NJ Transit 25% match to support half of the direct operating expenses for the proposed service. Once approved projects have been Identified Resolutions will be requested.

A maximum of \$200,000.00 (including match) will be made available to a single project.
