## Preventing Elder Abuse

Vulnerable adults living in the community who are being subjected to abuse, neglect or exploitation and cannot fully protect or care for themselves, can be serviced through a program called Adult Protective Services. Services could include home care, meals on wheels, health care, legal intervention and case management to enable these vulnerable adults to live in a safe environment within the community.

Call (856) 256-2267 between 8AM and 4PM or dial 211 24 hours/day.

### What is Adult Protective Services?

Adult Protective Services (APS) programs have been established in each county in New Jersey to receive and investigate reports of suspected abuse, neglect and exploitation of vulnerable adults living in a community setting.

#### The Purpose of APS:

Stabilize a crisis situation using the least intrusive methods while respecting an individual's right to self-determination.

#### CONFIDENTIALITY

All records and communications pertaining to any report, evaluation or service provided pursuant to the Adult Protective Services Act (P.L. 1993, Ch. 249, C52:27D) are confidential.

APS is only permitted to share the results of an APS assessment when directed to do so by a court of competent jurisdiction or when disclosure of information is necessary for the Division or the APS provider to perform its responsibilities as set forth by statute.

#### Making a Referral to APS:

The referral should be made by the person with first-hand information about the client.

The referral should be made directly to the county in which the client resides.

The referral should consist of as much information as possible including:

- ✓ Client's name, address, phone number
- ✓ DOB and Social Security number
- ✓ Diagnoses – health and/or mental health issues
- ✓ Family members/support systems (services/agencies involved)
- ✓ A specific allegation of abuse, neglect or exploitation

#### APS CASES

APS may become involved in situations that meet all of these conditions:

A vulnerable adult is:

- ✓ Age 18 years or older, AND
- ✓ Residing in the community, AND
- ✓ Due to physical or mental illness, disability or deficiency, lacks sufficient understanding or capacity to make, communicate, or carry out decisions concerning his or her well-being, AND
- ✓ Is the subject of abuse, neglect or exploitation.

## Low Cost Spay/Neuter Program

You may be eligible to have your pet spayed or neutered at a discounted price

Many people want to have their pets spayed or neutered, but when they find out how much it costs, they think it won't be possible. But it absolutely is possible - there are many veterinarians and organizations who are ready and able to help. Spay or neuter your dog or cat for \$10.00 if you receive any of the following: Food Stamps, Medicaid, General Public Assistance, Rental Assistance, Lifeline Utility Credit, Tenants Lifeline Assistance, SSI, or PAAD.

Every year more than 37,000 cats and dogs are euthanized in New Jersey shelters alone, because not enough homes can be found for them. Spaying and neutering reduces the number of animals born, helping to prevent pet overpopulation, and decreases the number of animals that end up in shelters.
