**Gloucester County
Public Notice
County of Gloucester
Department of Public Works - Planning Division,
Office of Housing and Community Development**

The County of Gloucester is initiating planning for the 2015-2019 Community Development Block Grant Consolidated Plan and the 2015 Annual Action Plan as part of its application for funding to the U.S. Department of Housing and Urban Development (HUD). As part of this planning process, the County will conduct two Public Hearings and two Focus Group Meetings to provide County residents with information on the application process for the FY 2015 Community Development Block Grant Program (CDBG) and the HOME Investment Partnership (HOME) Program. The meetings will also serve as information gathering sessions on the need for transitional housing, affordable housing development, housing and services for those with special needs, community services for the low and moderate income community, homeless needs, and economic development and public facilities/ infrastructure needs in low and moderate income neighborhoods.

This is an opportunity for individuals and organizations to provide feedback to the County on the needs of low and moderate income residents, to learn about the programs and to be involved in determining how the county will allocate the \$1,214,297 CDBG grant and the \$438,290 HOME grant. The County encourages participation of all its residents, especially the involvement of very low income residents, minorities and non-English speaking persons and persons with mobility, visual or hearing impairments.

Consistent with the Citizen Participation Plan, public hearings are being scheduled in the initial stages of application and program development. The Consolidated Plan and Annual Action Plan require the County to state in one document its plan to pursue the goals established for the community planning and development programs, as well as for housing programs over the next five years. Information will be made available regarding Application procedures, timing, eligible activities, and other regulations related to the Community Development programs. Information on past use of said funds will also be available. Representatives from the County will be on hand to answer questions that may arise through the forum of public hearings.

LOCATION OF PUBLIC HEARINGS AND FOCUS GROUP MEETINGS:

**Gloucester County Government Services Building
1200 N. Delsea Drive, Auditorium
Clayton, NJ, 08312**

1. **Tuesday, March 31, 2015 2:00 PM AND 5:00 PM - Public Hearing**
2. **Wednesday, April 8, 2015 2:30 PM to 4:00 PM - Special Needs of Non-Homeless Focus Group**
3. **Friday, April 10, 2015 2:00 PM to 3:30 PM - Affordable Housing Focus Group**
4. **Tuesday, June 16, 2015 2:00 PM and 5:00 PM -**

Public Hearing

The County of Gloucester complies with all state and federal rules and regulations and does not discriminate on the basis of race, religion, color, national or ethnic origin, sexual orientation, age, marital status or disability in admission to, access to, or operations of its programs, services, or activities. In addition, Gloucester County encourages the participation of people with disabilities in its programs and activities and offers special services to all County residents 60 years of age and older. Inquiries regarding compliance may be directed to the Division of Disability Services at (856) 384-6842/New Jersey Relay Service 711 or the EEO office at (856)384-6903.

Please note that the previous message indicated the incorrect time for the evening public hearing being held on March 31st – the correct times are 2pm and 5pm. I have attached the Public Notice for your reference.

The Gloucester County Planning Department through the Office of Housing and Community Development has initiated its Five Year Consolidated Plan and Annual Action Plan competitive application process for Program Year 2015-2016 Funding. A Public Notice was published in the SJ Times on March 16, 2015 for a Public Hearing regarding the Community Development Block Grant and HOME Investment Partnership Program funding.

Application packets for Public Facilities funding grants will be mailed to each Municipal Mayor, Administrator and/or CFO on or about March 27, 2015. I have attached applications for your convenience with relevant attachments. DO NOT use the eligible block group maps provided last year as they are no longer valid. Please note that 2010 Census tract and block groups have changed and eligible funding areas may no longer be eligible. HUD now uses ACS Data sets to determine eligible low-mod areas: <https://www.hudexchange.info/manage-a-program/acs-low-mod-summary-data/>
If you need a copy of a map for a specific town, contact this office and we will e-mail it to you which provides a general area of eligibility. All project locations will be verified.

Applications for Public Services funding are available through a competitive contracting process that will be conducted later in the Spring.

To ensure timely and accurate completion of the application, you are encouraged to attend one of the two public hearings:
March 31, 2015
Gloucester County Office of Government Services Complex - Auditorium
1200 N. Delsea Drive in Clayton, NJ
2pm and 5pm.

Each meeting will include a presentation regarding eligible uses of funding and program guidelines. You do not need to have the application in hand to attend the hearing; however, this will be an informative session with an opportunity to ask questions about potential projects you may be considering.

It is recommended that you and/or your representative attend to ensure compliance with HUD regulations and successful submission of an application. Questions may be directed to me via e-mail.

MUNICIPAL APPLICATION DEADLINE IS THURSDAY, APRIL 24TH NO LATER THAN 3:30PM TO:

County of Gloucester Community Development Block Grant/HOME Focus Group Meeting Notice

The County of Gloucester is in the process of preparing its Five-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan will serve as a blueprint for the expenditures of federal funds in the County of Gloucester from September 1, 2015 to August 31, 2019.

As part of this five-year planning process, the County of Gloucester is required to identify the affordable housing and community development needs for low-moderate income persons and households, as well as persons with special needs such as disabilities, substance abuse, mental illness, HIV/AIDS, the elderly, etc. Your participation in this planning process will enable the County to develop an accurate strategy that addresses the priority needs of these groups and individuals

Wednesday, April 8, 2015 2:30 PM to 4:00 PM

Location: Gloucester County Government Services Building

2. Organizations that serve persons leaving mental/physical health facilities

Minutes:

Christina Velazquez opened the Focus Group meeting at 2:00 pm for general discussion.

Representative from People to People initiated the discussion regarding the need for additional TBRA funding.

Sam Hudman (Housing Authority) advised that there is a very small TBRA funding through his Housing Authority.

Lisa Scerni commented that the biggest problem in the County is that even through Gloucester County has had a large population increase, there has been no new funding.

The largest unmet need is housing for the disabled with a mental disability followed by housing for those with a physical disability. An additional need is for housing for children with autism who turn 18 and are in need of a boarding home or a structured living environment.

Diane Stevens with United Seniors commented that there is large problem funding rentals for seniors where a spouse has died and their income was reduced.

Charles Answert noted that the Regional CofC is under pressure to institute a "coordinated assessment" process and "single point of entry"

Christiana provided the attendees with information on funding for Public Service projects and the eligibility requirements, including examples of projects that have been funded in the past and the timeline for the application process.

Gloucester County CDBG Public Hearing

March 31, 2015

2:00 PM

Location: Gloucester County Government Services Building
1200 N. Delsea Drive, Auditorium, Clayton, NJ, 08312

The meeting was opened at 2:00 pm. Christina Velazquez provided an update on the Gloucester County CDBG program and reviewed the program Power Point, including a description of the National Objectives, Eligible Activities, and Area Benefit (42.5% or below).

The new process of First In First Out was discussed and HUD's intention of preventing projects lingering for years.

Christina discussed the HOME program and grant fund projects, including 15% to CHDO's, Owner Occupied Rehab, TBRA to Housing Authority, and funding for the First Time Homebuyer program.

Sam Leone from Conifer asked a question regarding the HOME funds and whether funds will be available for general affordable housing projects.

Christina reminded the attendees that two Focus Groups were scheduled for April 8th and April 15th to discuss Housing and Community Development Needs for the Five Year Consolidated Plan.

The meeting was adjourned at 3:00 pm

Discussion topic 1 – What are the types of housing needs anticipated in Gloucester County over the next five years?

People for People – There is a huge unmet need for housing for special needs veterans. We're talking primarily about recent veterans – post 9/11. They are coming back with life-altering wounds and they need specially adapted housing. The need is for adapted rental apartments. Conifer Realty is doing a rental project with a preference given to veterans. There are also wait lists for senior and family affordable housing and a lot of the existing stock is aging.

Habitat – We have recently completed a 5-year plan that calls for us to build 28 homes over that time. We have done 12 in the past 3 years. To the point of waiting lists for public housing and rental vouchers, our last 3 homes were sold to families that had been subsidized, so that's 3 families off the subsidy rolls and 3 that can move off the waiting lists. We are aggressively seeking to grow and expand our ability to help. For instance, we are currently working with Americorps.

Camden Diocese – Our Shepherds Farm (senior housing) has a wait list of over 100. We want to build more senior and family rentals but it seems the HUD 202 program has disappeared so we're focusing on combining tax credit funding with other sources to keep the rents down. And again, we know there is a need for family rentals, too.

Robin's Nest – There is a gap in residential options for pregnant and parenting teens and there is a need for more units for youth aging out of the foster care system. There is an estimate of over 600 unaccompanied youth in Gloucester County who are about to graduate high school & will need some place to live.

Pennrose – We are working with the Glassboro Housing Authority on affordable senior housing, including an assisted living piece. Because there is a need, we are also developing housing for disabled and autistic adults – group homes.

Discussion topic 2 – Are there any racial or ethnic groups that have a disproportionately greater need in comparison to the needs of a particular income category?

There were no responses given to this questions

Discussion topic 3 – Identify any obstacles to meeting underserved needs.

Conifer – Most sources of funding have shrunk so we depend more on tax credit programs.

Habitat – Finding qualified families to buy our houses. They are making a leap from renting to ownership. Finding people who can succeed at that is challenging.

People for People – The same is true for rental housing. You need to find people who have the financial understanding and sense of responsibility so they can pay the rent, even subsidized rents.

Housing Authorities – There is sometimes a push-back from communities to the idea of building affordable housing. It comes from NIMBY groups and elected officials.

Conifer – There are also some voucher programs now that limit our ability to do criminal background checks, which makes it harder to convince opponents that we're building a good project. We used to be able to promise that all residents would be screened for criminal backgrounds but that's not always the case now.

Discussion topic 4 – What are some strategies to remove or ameliorate negative effects of public housing policies that serve as barriers to affordable housing?

People for People – The NIMBY push-back is largely a perception problem. If you go in proposing to build "affordable" housing, it's over. People don't realize you're talking about housing for the mailman or some other working family. We've found that using the term "workforce housing" sometimes helps.

Discussion topic 5 – What priorities and specific objectives should the jurisdiction hope to achieve?

Christina read the list of priorities/goals from the previous consolidated plan and asked if there should be any additions or deletions. There were none suggested.

An additional topic of interest came up from the participants. Not directly housing related, more economic development, but with possible housing impacts:

The County will be instituting an East-West shuttle bus service by June of this year. This new transportation link will take passengers from throughout the County to the Pureland Industrial Complex in Logan Township. It will stop at affordable housing complexes and several other points, including links to NJ Transit routes. The service, the first east-west offering in a County dominated by north-south

connections to and from the Philadelphia area, is planned as a viable alternative to jobs at Pureland and many other destinations along the route. A subsidized service, it will offer \$1 fares. The People to People Foundation intends to have staff and volunteers on the shuttles to offer resource and referral information for a variety of services available in the region. The possible housing connection is that at least one for-profit developer – Conifer – said they will revisit potential housing sites they had previously rejected because they weren't close enough to public transportation.

COMMENTS:

Funding for creation of affordable housing is very important. There is a very high demand for affordable housing for families, seniors & ~~the~~ special needs, but the funding sources have become more limited.

Although HOME Funds have historically composed a small percentage of the total project costs for an average affordable housing development, they are an important percentage that is crucial to the viability of these projects.

Date: April 10, 2015

Name: Cortis Johnson

Organization: Diocese of Camden Hsg serv. corp

COMMENTS:

The Diocese would like to expand the supply of affordable housing in Gloucester County in Williamstown and other areas. We think there exists a need for affordable senior housing and also family units. ~~The~~ Where reasonable the Diocese will consider projects on vacant buildings it owns or unused land.

April 10, 2015

Date: 4/10/15

Name: Theresa Taylor

Organization: GCDSS

COMMENTS:

Focus Group Meeting was very informative for me & our agency. Unfortunately, our agency was not able to participate at the same levels as others. However the information will be used as resource info for Social Services clients. Our agency encourages clients to move into affordable house and we provide the financial assistance to do so. However lack of life skills sometimes prevents clients to maintain affordable housing.

Reminder: If you have not completed the survey contained in the link below, please do so as soon as possible. Thank you

**Re: County of Gloucester
FY 2015-2019 Consolidated Plan for CDBG & HOME Funding**

Dear Mayors and Municipal Administrators:

The County of Gloucester is in the process of preparing its Five-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan will serve as a blueprint for the expenditure of federal funds in the County of Gloucester from September 1, 2015 to August 31, 2019.

As part of this five-year planning process, the County of Gloucester is required to identify the affordable housing and community development needs for low-moderate income persons and communities.

The County has prepared a Survey to assist in identifying the specific community development needs of your municipality over the next five years, including Public Facility and Public Infrastructure needs. Your participation in this planning process will enable the County to develop an accurate strategy that addresses the priority needs of Gloucester County municipalities.

Please complete the survey on the website, Survey Monkey, **no later than April 30, 2015** by clicking the following link: <https://www.surveymonkey.com/s/RJDTG7H>

If you have any questions regarding the Survey, please contact:
