**NOTICE OF AVAILABILITY AND PUBLIC HEARING
CONSOLIDATED ANNUAL PERFORMANCE AND
EVALUATION REPORT
PROGRAM YEAR 2017
Gloucester County, New Jersey**

Notice is hereby provided that the County of Gloucester, NJ has completed its draft of the Consolidated Annual Performance and Evaluation Report (CAPER) for the 2017 Program Year for the Community Development Block Grant (CDBG) and HOME Investment Partnerships programs. This report contains information including: 1) Summary of the resources and accomplishments, 2) Status of actions taken during the year to implement the goals outlined in the Consolidated Plan, and 3) Evaluation of the progress made during the year in addressing identified priority needs and objectives.

This report will be available to the public for review at the Office of Government Services, Division of Planning located at 1200 N. Delsea Drive, Clayton, NJ and online at the County website at www.gloucestercountynj.gov

The public review period will begin on November 9, 2018 and end on November 26, 2018 during which the public is invited to address written comments to: Gloucester County Office of Government Services, Division of Planning located at 1200 Delsea Drive, Clayton, NJ 08312 Attn: Christina Velazquez.

The County will also hold a public hearing for citizens desiring to comment on the CAPER report November 20, 2018, 5:00 PM, at the Planning Division – Office of Housing and Community Development, 1200 N. Delsea Drive, Clayton, NJ. Gloucester County intends to submit the 2018 Comprehensive Annual Performance Evaluation Report to the U.S. Department of Housing and Urban Development on or about November 30, 2018.

To facilitate participation by persons with special needs, please contact the Division of Planning to make arrangements (856-307-6650 or TDD Users – 7-1-1). This location is accessible.

POLICY ON DISCRIMINATION

The County of Gloucester complies with all state and federal rules and regulations and does not discriminate on the basis of race, religion, color, national or ethnic origin, sexual orientation, age, marital status or disability in admission to, access to, or operations of its programs, services, or activities. In addition, Gloucester County encourages the participation of people with disabilities in its programs and activities and offers special services to all County residents 60 years of age and older. Inquiries regarding compliance may be directed to the Office of Education and Disability Services at 856-681-6128/New Jersey Relay Service 711 or the EEO office at 856-384-6903.

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Through completion of a wide range of projects in all corners of the County, the 2017 Gloucester County CDBG and HOME programs made significant progress in achieving the goals of both the 5-year Consolidated Plan, which covers the years 2015-2019, and the 2017 Annual Action Plan.

During the 2017 Program Year (September 1, 2017 through August 31, 2018), thousands of County residents benefited from improvements to important portions of the County's infrastructure. Many others received crucial public services thanks to support from the Gloucester County Community Development Program and a significant number of residents either became homeowners with program assistance or were able to obtain much needed repairs to their homes using CD resources.

Among the infrastructure projects completed in 2017 were street reconstruction projects in Washington Township, Deptford Township and Clayton. Also, an accessibility project in Monroe Township removed barriers for disabled and elderly residents there while improvements were made to Glassboro's Senior Center.

The Gloucester County program came up short of its goals on just one of its 2017 activities. Homebuyer assistance again had fewer participants than expected due to ongoing pressures on the local housing market as prices continued to rise and mortgage qualification standards remained tight and also because the NJ HMFPA is offering a homebuyer program in the County that offers more assistance at more favorable terms, suggesting a possible need to re-program the County's homebuyer assistance funds.

The accomplishments listed below were calculated from data entered into the individual Activities in IDIS rather than from PR-23 reports, which are often inaccurate.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)
Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual

outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Support the addition of affordable housing units	Affordable Housing	CDBG: \$118000 / HOME: \$	Buildings Demolished	Buildings	0	4				

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

High Priority needs identified in the Consolidated Plan for the 2015-2019 period include: Preservation of existing housing stock, addition of affordable housing, improvements to infrastructure and support for public services.

During 2017, the County used CDBG and HOME funds exclusively to address high-priority needs. Feedback from the County’s municipalities, housing developers and non-profit service providers continues to emphasize the importance of CDBG and HOME support to the ability of those organizations to serve their constituents.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME
White	6,897	24
Black or African American	1,903	16
Asian	125	0
American Indian or American Native	3	0
Native Hawaiian or Other Pacific Islander	572	0
Total	9,500	40
Hispanic	623	2
Not Hispanic	8,877	38

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

Data above is taken from accomplishments reported in IDIS for individual activities rather than from the PR-23 reports, which are frequently inaccurate. The "Native Hawaiian or Other Pacific Islander" category above is actually the number of beneficiaries who identified themselves as "Other Multi-Racial."

Beneficiaries of Gloucester County's CDBG and HOME activities are comprised of a higher percentage of minority residents than the County as a whole, according to the latest American Community Survey data. African-American residents make up some 20% of program beneficiaries, compared to 10.3% of the County population, while Hispanic residents were 6.6% of the program's beneficiaries and 5.6% of the County population.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	CDBG	1,336,801	1,500,665
HOME	HOME	483,964	515,186
HOPWA	HOPWA		
ESG	ESG		
Other	Other		

Table 3 - Resources Made Available

Narrative

Gloucester County received an allocation of \$1,071,595 in CDBG funds for 2017 and \$441,950 in HOME funds. The County also administers the CDBG program for Washington Township, which had an allocation of \$147,206 for 2017. Program Income received during 2017 totaled \$83,720,80 in CDBG and \$107,085.26 in HOME. Additionally, the CDBG program entered the 2017 Program Year with \$607,377.23 in unexpended prior years' funds.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Countywide	82	79	Other
Eligible low-mod census tracts	18	21	Other

Table 4 – Identify the geographic distribution and location of investments

Narrative

Infrastructure and facilities improvements, including ADA barrier removal activities, that were completed in specific areas of the County accounted for 21% of combined CDBG and HOME spending during 2017. All other activities, including housing rehabilitation and general planning/administration, accounted for 79% of the spending. These ratios were very similar to the planned distribution of funds.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

From infrastructure projects to public services, virtually all non-housing rehab activities receiving CDBG or HOME funds also receive other forms of support. Those funds include local municipal monies, state transportation funds and a wide variety of public and private resources that support the public services.

HOME match requirements are incorporated in the County's solicitation, review and award of HOME projects. Developers wishing to use HOME funds are encouraged by the application scoring system to include funds from other sources and, in fact, HOME projects other than homeowner rehab are not viable without non-HOME resources being part of the mix.

Public property used to address needs identified in the 2017 plan consisted of streets and public facilities where needed improvements were completed.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	1,158,686
2. Match contributed during current Federal fiscal year	0
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	1,158,686
4. Match liability for current Federal fiscal year	95,650
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	1,063,036

Number	0	0	0	0	0	0
Cost	0	0	0	0	0	0

Table 10 – Relocation and Real Property Acquisition

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	60	71
Number of Special-Needs households to be provided affordable housing units	0	0
Total	60	71

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	20	14
Number of households supported through The Production of New Units	0	2
Number of households supported through Rehab of Existing Units	35	52
Number of households supported through Acquisition of Existing Units	5	3
Total	60	71

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Accomplishments for both owner-occupied rehab and construction of new affordable units exceeded goals.

The number of families assisted with becoming homeowners was below the program's goal largely because mortgage qualification criteria continue to be very tight while housing prices in the County have increased.

Discuss how these outcomes will impact future annual action plans.

Need continues to exist in all housing-related programs so it is anticipated that all will continue to be included in future Action Plans with the possible exception of the homebuyer assistance program, which has been under-utilized for the past three years.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	14	2
Low-income	10	23
Moderate-income	7	15
Total	31	40

Table 13 – Number of Households Served

Narrative Information

Information in the above chart is taken from individual Activity accomplishments as reported in IDIS rather than from the the PR-23 reports, which are often inaccurate.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Through fiscal and technical support for the front-line organizations that conduct this important work, in particular the Food Bank of South Jersey, Gloucester County continued to reach out to the homeless, especially unsheltered homeless. The County's Point in Time Survey is one method area providers used to connect with the homeless and bring them into the regional support network.

Addressing the emergency shelter and transitional housing needs of homeless persons

Through fiscal and technical support for shelter and transitional housing providers and by offering networking opportunities for them, the County continued to address the emergency shelter and transitional housing needs of homeless persons throughout the County.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The County's housing rehab program helped low-income homeowners avoid homelessness by providing repairs that kept their homes habitable. Economic development activities also prevented homelessness by expanding employment opportunities. The County's many social service providers also connected their own clients with other needed services, including job training, housing assistance, information on employment and child care and much more.

The HOME-supported Tenant Based Rental Assistance program helped make housing affordable for low-mod income County families.

Gloucester County also participates in the formulation and implementation of policies regarding those being discharged from publicly funded institutions and systems of care. Those policies include the provision of information on receiving assistance regarding housing, health, social services, employment, education and youth needs.

Helping homeless persons (especially chronically homeless individuals and families, families

with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

By expanding housing options for low income residents, the County helped shorten the period of homelessness. Gloucester County supported the creation of additional affordable units and provided rent assistance through the Tenant Based Rental Assistance program.

These efforts are especially directed to chronically homeless individuals and families, families with children, veterans and their families and unaccompanied youth, a particular target clientele group for Covenant House.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The County supplemented the Public Housing voucher programs by spending nearly \$125,000 in HOME funds for a Tenant Based Rental Assistance program during 2017.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Public housing residents were encouraged to become more involved in management and participate in home ownership through continued operation of resident councils at Public Housing developments.

Additionally, the Housing Authority of Gloucester County required each non-exempt adult public housing resident to contribute a minimum of 8 hours of community service per month or participate in an economic self-sufficiency program for a least 8 hours per month. Residents were referred to the Gloucester County Volunteer Center, which acts as a clearinghouse for residents to offer their time or services to organizations in need of volunteers. The Authority considers activities that are designed to encourage, train or facilitate economic independence as valid activities.

The Glassboro Housing Authority identifies the promotion of resident participation in its annual goals. The Authority recognizes the need for "Effective Resident Organization Partnerships" that meet regularly to ensure proactive support for building, managing and maintaining sound, safe, affordable communities. The resident councils meet on a regular basis and consistently work with the Glassboro HA regarding problem identification and pursuing positive approaches to addressing community issues.

Actions taken to provide assistance to troubled PHAs

Neither of the County's 2 housing authorities are troubled PHAs.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

While it is beyond the ability of the County or any of its municipalities to control market forces and other factors, there are some steps that can be taken. During the 2017 Program Year, the County:

- Through the use of HOME funding, the County continued to assist affordable housing development. The County also continued to provide technical assistance to non-profit organizations seeking state and federal funds for affordable housing development, both rental and homeownership.
- Continued the homebuyers program to help families afford home ownership, with 3 families moving into homeownership through assistance from HOME funds during 2017.
- Worked with municipalities to assess zoning, design guidelines and local government standards to ensure that these elements of the construction process do not hinder the creation of affordable housing.
- Reviewed building fee ordinances as requested by municipalities and recommended modifications as necessary; investigate possibility of non-profit organizations having fees waived.
- Continued to seek supplementary funding and opportunities to leverage limited resources.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The primary obstacle to meeting underserved needs is a lack of funds. There are many needs in all of the areas - public facilities, public services, infra-structure, and economic development – and municipal resources go only so far.

During the 2017 Program Year, the County, through both staff and consultants, continued its practice of constantly looking for additional funding sources to address the unmet needs identified in our community. Gloucester County succeeded in attracting state, federal, regional and private funding for improvements and services that aide the community at large and lower income neighborhoods and residents in particular.

The County successfully applied for USDA Rural Housing Rehabilitation grants and was recently awarded \$59,000 to leverage CDBG and HOME funds for the rehabilitation of homes occupied by low and very low income households in 14 of the County's 24 municipalities.

The development of more and better jobs for low and moderate income persons would help reduce the scale or scope of needs as well. In this vein, the County undertakes economic development projects to

attract and retain employers and works with local and regional job training entities to enhance residents' work skills. The County has not utilized CDBG funds in Economic Development activities specifically. However, the County's Workforce Development Board has conducted several job fairs throughout the year and the standing committee of the Board include the Community Needs to assess funding gaps for training and literacy of adults and dislocated workers to re-enter the workforce.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The County Community Development Program addressed lead hazards during housing rehabilitation efforts. All pre-1978 homes receiving rehabilitation assistance and where painted surfaces were to be disturbed were tested for the presence of lead-based paint hazards. When evidence of lead paint hazards was found, the appropriate level of action was taken. Most often, that was the use of interim controls to address all identified lead hazards. In the homebuyers program, when defective painted surfaces are found, the surfaces are tested for lead-based paint as well and addressed by a qualified trained contractor.

The County's Lead-Based Hazard reduction strategy, administered by the Department of Health, involves the administration of the Lead Intervention for Children at Risk Program (LICAR) which supports the abatement or reduction of lead-based paint hazards in low-income housing.

During 2017, the Department of Health provided administrative and program delivery staff responsible for marketing the LICAR program; conducted application intake, review, and approval; completed environmental reviews; completed housing inspections and, when funding was available, prepared work write-ups and cost estimates for lead hazard control work; prepared contractor bid packages and supervised advertisement for bids and selection of contractors; managed temporary resident relocation while lead hazard control work was completed and monitored work in progress through to completion.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The County's anti-poverty strategy is linked to the Economic Programs that have been implemented and operated for almost a decade. The objective of poverty reduction requires programming for job readiness areas, including job training and placement, supportive public services, education and basic skills development. The overriding principle, however, is to create new jobs and opportunities for households with incomes below the poverty level. It is only through comprehensive, coordinated strategies that nurture skills and provide opportunities to gain and retain employment and thus improve the quality of life, that people can improve their situation.

During 2017, numerous programs operated in the County to help address the problems of poverty. These included:

- Board of Social Services programs that provided single mothers with children the opportunity to receive welfare benefits, such as TANF, in coordination with job training.

- programs administered by the Dept. of Economic Development, such as the federal Workforce Investment Act program, offered job training, job search assistance and job placement services to low income households. All persons receiving welfare assistance from the Board of Social Services were referred to the Department of Economic Development, WIA Division, for job training and employment services.
- within the Department of Public Works, the Division of Planning and the Division of WIA worked closely together to create job opportunities through economic development projects and initiatives carried out under the CDBG Program.
- the Boards of Education throughout the county offered help obtaining high school diplomas or the GED certificate. The County facilitated and supported programs to coordinate training programs provided by public institutions with the needs of employers.
- The Vo-tech school, the community college and Continuing Education Programs provided training and educational opportunities.
- day care funding throughout the County
- long-term employment opportunities for severely disabled adults, and
- life skills development programs.

All projects to be funded with CDBG funding were encouraged to follow Section 3 requirements to recruit needed employees from very low income neighborhoods and where possible from the pool of WIA Program graduates. This coordinated effort created additional employment opportunities for low-income residents. All economic development activities/projects that created jobs were also coordinated with the WIA and the FDP Programs.

Employment programs reach only a part of the poverty population. Many of the people living in poverty are not employable and thus the County worked cooperatively with numerous public, social and civic service organizations to develop and implement direct assistance and service delivery programs to improve the quality of life of these persons. The first step of providing health and social services is necessary to enable an unemployed person to become employable.

The County provided financial assistance through direct grants as well as technical and advisory assistance to non-profits and community agencies that administer a wide variety of programs for lower income residents.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The County continued its participation in regional and state networking and information opportunities. Also continued familiarity with the service providers in Gloucester County and in neighboring and nearby counties.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

As a common partner with so many of the public and private housing and social service providers, the Gloucester County Department of Public Works, Division of Planning continued in its role of a natural conduit for communication and interaction among these entities. The CD Program served in that capacity while respecting the autonomy and uniqueness of each partner.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Gloucester County reviewed its most recent Analysis of Impediments to Fair Housing Choice and concluded that it continues to accurately reflect the issues and concerns that need to be addressed.

Specifically, the analysis shows a continued need for further educational efforts in the area of fair housing rights and responsibilities and the processes and procedures in place to help assure housing fairness. In response to that need, the County continued to provide information to the public on relevant fair housing topics. Pamphlets, posters and contact information are provided at County offices.

Additionally, a general lack of affordable housing options quite naturally impacts residents in the lower income ranges. As detailed in the Affordable Housing portion of this report, the County sought to address this impediment in 2017 through rehab of existing units, creation of new units and provision of rental assistance vouchers.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Performance monitoring is an important component in the long-term success of the Consolidated Plan and Action Plans. The County, through the Division of Planning, has developed standards and procedures for ensuring that the recipients of CDBG and HOME funds meet the purposes of the appropriate legislation and regulations, and that funds are disbursed in a timely fashion.

The Division of Planning oversees the County's housing and community development programs, and is responsible for most performance measurement activities. The Division has incorporated performance standards into the process of awarding funds, allocating resources to programs and agencies, and obtaining progress and completion reports from those programs and agencies. The monitoring requirements and procedures followed during 2017 were built upon existing monitoring systems and experience in administering federal and state programs and funds.

Following execution of sub-recipient agreements, activities are subsequently monitored through the use of checklists and forms to facilitate uniform monitoring of program activities. Each description of projects and activities and the written agreements related to them contain the specific measures by which the activity is evaluated.

Fiscal monitoring included review and approval of budgets, compliance with executed Grant Agreements, review and approval of vouchers, review of fiscal reports on a monthly basis, and a review of municipal and non-profit audits on an annual basis.

Monitoring occurred through on-site monitoring visits. These visits occurred as necessary with frequency being determined by an analysis of the activity and the sub-recipient, including complexity of the activity, experience of the sub-recipient staff and their timely and accurate reporting of accomplishments.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Gloucester County placed the CAPER document on public display for a period in excess of the required 15 days, from November 9, 2018 through November 26, 2018. Copies were placed in the Department of Public Works office. The public was notified of the public comment period by an advertisement which appeared in the local publication *South Jersey Times* on October 17, 2018. A copy of the advertisement is provided with this report. Also, a public hearing was held on November 20, 2018 in the County Office building in Clayton, a fully accessible building. No comments from the public were received during the comment period or at the public meeting.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

Ongoing assessments of community needs and ongoing successes of the County's CDBG program in addressing those needs suggest that no significant changes are needed in the program's objectives. The program will continue to seek efficient, effective means to provide housing, facilities and services to our most vulnerable residents. The County will continue to seek community partners capable of assisting in those efforts.

While always aware of opportunities to improve, the County believes that the overall direction and implementation of its CDBG program meet both the requirements of the federal government and the needs of our local residents.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

All TBRA units were inspected during the program year. Those units consisted of:

- 174 Frederic Court, Thorofare, NJ – inspected 6/21/17
- 250 E. Broad St., Apt. A, Gibbstown, NJ – inspected 7/20/17
- 2049 Barnsboro Road, Apt. F12, Blackwood, NJ – inspected 4/27/17
- 1543 S. Delaware St., Paulsboro, NJ – inspected 7/18/17
- 51 S. Broad St., Woodbury, NJ – inspected 9/16/16
- 1104 Aron's Circle, Sewell, NJ – inspected 7/21/17
- 21 Clinton St., Westville, NJ – inspected 8/16/17
- 15 S. Walnut St., Apt. A, Gibbstown, NJ – inspected 8/9/17
- 137 Mockingbird Lane, Mantua, NJ – inspected 8/9/17
- 21 Sirius Court, Sewell, NJ – inspected 8/9/17

All units were found to meet HQS standards.

Other units scheduled for inspection during the 2017 Program Year were:

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.
92.351(b)**

No individual HOME-funded projects meet the threshold for affirmative marketing requirements. The program as a whole, though, including housing rehab activities, are publicized to all segments of the

County's population through general circulation advertising and through information provided by our municipal partners.

These affirmative marketing efforts are clearly effective as 40% of HOME beneficiaries in 2017 were African-American, compared to the County population that is 10% African-American. Additionally, 5% of HOME beneficiaries in 2017 were Hispanic, approximately the same as the County's population as a whole.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

During the 2017 Program Year, \$54,490 of HOME Program Income funds were spent. These funds were used on 6 homeowner rehabilitation projects that provided assistance to 2 low income households and 4 moderate income households. Four of the beneficiary households were categorized as elderly.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

During 2017, the County also used HOME funds on these activities that fostered and maintained affordable housing:

- 1) Completion of 21 owner-occupied residential rehab projects;
- 2) Homebuyer assistance to 3 households moving in to homeownership;
- 3) Tenant-based rental assistance to 14 households.
